SAFETY IN THE WILDERNESS

It is important that travelers with Northern Alaska Tour Company understand that Alaska's Arctic is a truly remote wilderness region. Traveling through vast wilderness stretches requires adequate time and preparation. Weather or mechanical factors, albeit infrequent, can result in multi-hour delays. Medical facilities are limited. Limited communication and transportation infrastructure inherently cause evacuation for illness or other emergency situations to take, at the very best, several hours to conduct. For this reason, travelers to this region should be of reasonable health and physical condition.

Northern Alaska Tour Company is an Alaskan-owned tour operator based in Fairbanks, Alaska.

The company was founded in 1987 to provide unparalleled travel and touring experiences in Alaska's Arctic for guests while maintaining the highest standards of safety and commitment to traditional culture and the environment.

Our cooperative, grassroots tour programs strengthen the local economies in the communities and regions we visit and help preserve the wisdom of knowledgeable locals by recording and incorporating their knowledge into tour programs.

As our traveling guests learn of and experience firsthand the delicate, wondrous environment of Alaska's Arctic, they are able to appreciate and help protect it. When carried forth conscientiously, travel and touring can serve to protect the natural environment and preserve traditional culture where it might otherwise be destroyed.

In sharing our culture and environment with visitors, we as hosts, along with our guests are deeply enriched by the experience.....which is really what travel and touring is all about.

We are confident you will find the level of service provided by your guide to be as high or higher than you have ever before experienced.

GRATUITIES

As with other service industries, tips are not required but are used to reward guides for a job well done. Standard tip amounts range from \$10.00-\$20.00 per guest, per day for excellent service.

GUEST SAFETY

Guest safety is our foremost priority. Guides are licensed to operate commercial vehicles. Tour vehicles are CB radio and satellite phone equipped. Weather conditions always dictate safe flight altitude. At times it is necessary to fly above cloud cover, thus reducing or even eliminating aerial visibility.

WHAT TO WEAR / BRING

Dress for comfort, not to impress. Wear comfortable walking-type shoes you don't mind getting a bit soiled in the event of rain. Dress in layers, and bring a medium-weight jacket.

LUGGAGE

NOTE: It is very important to limit yourself to one hand-carry size bag per person of 10-15 pounds. If needed, we can store excess luggage and deliver it to you upon your return from the tour.

SMOKING

The inside of the vehicle is maintained as a smoke-free environment. There are opportunities to smoke outside the vehicle along the tour route.

RESTROOMS

Outhouses are the norm for the Elliott Highway. Frequent rest stops are made along the tour route. The longest time period between stops is approximately 2 hours.

INCLUSIONS

The tour price includes air transportation to Manley Hot Springs and guided ground tour from Manley to Fairbanks. Local restaurant meals will be available but guests may bring their own snacks/food.

THE HOT SPRINGS

The hot springs facility in Manley is a large greenhouse with 3 small, cement baths surrounded by lush indoor vegetation. The bath house is rented by the hour. There is no changing room but each user (or party) can lock the door to the baths for privacy. There is no outhouse. Use of the bathhouse is optional and NOT included in the tour.

ALTERATIONS

PLEASE NOTE: Guest safety always takes precedence over convenience. On rare occasions, weather or other uncontrollable circumstances may require alteration/cancellation of a portion or all of the scheduled tour itinerary.

If the tour requires an overnight stay due to weather or uncontrollable circumstances the cost of accommodations and meals is the guest's responsibility.
